

HEAVY DUTY BEACON LED

DESCRIPTION

Easy add an LED Strobe beacon to your vehicle or equipment to enable others to see it from all directions. Great for Heavy Equipment's or other moving equipment, the Heavy Duty Beacon can be quickly mounted and up and running in very little time. In areas where safety is key, LED Lighting is one of the safest options for alerting someone of a dangerous piece of moving equipment.

The 18 LED Beacons come standard in a 6hz split cycle strobe pattern, meaning there's three flashes and a pause per second. When coupled with the reflectors, the heavy duty strobes become intense and are highly visible.
